CONTRACT & LICENSE ADVISORY REVIEW

Entitlement healthcheck

Software contracts and licenses are complex and it is easy to get lost.

At Snow we realize that in the complex world of software licensing with ever changing metrics and vendor agreements it is easy to get lost and or make a mistake. To assist you we have designed an entitlement healthcheck where we review your current contracts and licenses in Snow License Manager. We check for completeness of licenses and unassigned entitlement as well as use of license metrics.

We will provide you with a report of recommended improvements and best practice on managing your Snow License Manager entitlement data.
